

## Warrior Fellowship Academy Questions & Answers

### 1. What is the mission of WFA?

~ The mission of Warrior Fellowship Academy (WFA) is to develop young men into fully devoted followers of Jesus Christ, with a foundation built on spiritual discipleship, academic excellence, and athletic advancement.

### 2. What is the goal of WFA and how is it different from other programs?

~ WFA is a discipleship and development program that is focused on discipling and developing each and every young man who attends our Academy. WFA students will learn how to build a strong foundation on the Word of God, how to be great friends and teammates, while pursuing and reaching their fullest potential as a hockey player and ultimately as a follower of Christ. Our transformational staff will encourage and challenge our student-athletes to grow into the Godly Warriors they were created to be.

### 3. Do you have to be a Christian to attend?

~ Although WFA is designed for young men who desire to grow in their relationships with Jesus Christ through the fellowship with other believers, you do not have to be a Christian to attend WFA. However, you must be open and willing to hearing the gospel and participating in our chapels, our discipleship time, and our Christian outreach as WFA is built on a servant leadership model. We serve our families, we serve one another within our program, and we serve our communities because Jesus came not to be served, but to serve (Matthew 20:28).

### 4. Is WFA a full-time high school?

~ WFA is a full-time high school requiring all student-athletes to be enrolled as full-time students in WFA's academic program. WFA will be an Affiliate program of Liberty University Online Academy (LUOA) and students will be required to meet all of LUOA's graduation requirements in order to be awarded their High School diploma. LUOA is an accredited on-line program that offers both NCAA approved high school level classes, as well as, dual enrollment college classes.
